The Teaching English to Young Learners, and Teaching English to Teenagers Courses are 60-hour, targeted online trainings designed for TEFL/TESOL certified or experienced teachers who would like to build their skills and qualify for more teaching jobs. Combine both courses for the best value and a full 120-Hours of TEFL/TESOL Certification.

The pedagogical strategies for teaching young language learners in the six chapters are firmly guided by research-based findings, enabling not only pre-service teachers but also experienced teachers to make informed choices of how to effectively facilitate the development of the target language, empowering them to assume an active and effective role of classroom practitioners.

The best classrooms for young language learners are different because of what the students and teacher do, not just how the space is decorated. In an effective classroom for young learners, you'll see a lot of movement, hear a lot of repetition and see lessons that look a lot like play. Kids are moving, engaging their senses and perhaps making more mistakes than their adult counterparts would.

Get English language teaching and learning resources for teaching English to young learners, teenagers, and adults.

Teaching Young Language Learners (Oxford Handbooks for Language Teachers) This book is not a theoretical analysis of teaching language to young learners, nor is it a resource manual with a list of ready ideas and 'tips' for classroom use. Instead, it aims to discuss and bring together research relevant to children and language learning and princip.

### Teaching Young Language Learners second edition | Teaching ...

Teaching Languages to Young Learners is one of the few to develop readers' understanding of what happens in classrooms where children are being taught a foreign language. It will offer teachers and trainers a coherent theoretical framework to structure thinking about children's language learning.

#### Teaching Young Language Learners by Annamaria Pinter

Young learners learn effectively when language is presented in chunks, so this approach is common in course materials. To 'know' a word involves the following facets of a word: 1) Its cognate or semantic referent, i.e. its meaning. 2) The letters that make up the word, i.e. spelling and the visual 'look' of the word.
